- 1. Mme. Imre Oltvanyi, wife of the Hungarian Minister in Switzerland, recently remarked that her husband's successor has been chosen and will be Zoltan Vas. head of the Hungarian Supreme Economic Council. It is understood that approval has been asked of the Swiss Political Department but has not yet been granted.
- Minister Oltvanyi returned to Budapest about two months ago. It is rumored that 2. he was implicated in the Zoltan Tildy affair and was arrested. It is now reported that he escaped from Hungary and is currently residing in Paris. Source believes, however, that Oltvanyi is too compromised ever to be accepted by emigre circles ouside Hungary, and that his break with the present regime may be spurious.
